

Challenge 3: Create a school compost garden (2 credits)

A compost garden is a fun way to reduce food waste and help make your school look beautiful! This can also be an activity that's done by your teacher Green Team or your student Recycling Club. Check out a compost [video](#) and a [how-to guide](#) to get started.

To receive credit for this challenge, your semester report will have to include:

- A picture of your compost garden
